## Liu, Han-Hsun

#### **EDUCATION**

**Fu Jen Catholic University**Bachelor of Fine Arts in Applied Arts
Taipei, Taiwan
09/2005-06/2010

Relevant Coursework:

Script writing for Animation, Computer Animation, C, and Unix

National Taiwan University Certificate of Course Completion

10/2015-11/2015

HTML5, CSS3, jQuery, Bootstrap-Frontend Web Development Essent course

### **EXPERIENCE**

Shanghai New Culture Media Group (collaboration with Moonshine Animation)Shanghai, China3D Animator11/2014-05/2015

Made CG elements for projects, was in charge of communicating between Shanghai New Culture Media Group and Moonshine Animation

- Asus K20 CF: a computer commercial film
  - oConducted the modeling, texture, and the page animation of a book in one of the scenes using 3DsMAX and Photoshop
  - oRendered the matte setting and adjusted light settings in one of the scenes using 3DsMAX and Vray
- 8210: mineral water advertisement
  - oCreated smoke, fog, and sparks in the film using Houdini
  - oSet and rendered the rendering pass for three shots using Houdini for composer
  - oConducted asset checking with Adobe AfterEffects and NUKE
    - Utilized 2.5 D projection, advanced application in digital matte painting, and attempted to add into standard work process to reduce cost of rendering
- Asus 2015 CES Opening Film
  - oSimulated the particle and smoke effects using 3DsMAX and FumeFX
  - oCooperated with Moonshine and Bitos Studio

Moonshine AnimationTaipei, TaiwanVFX Artist07/2013-06/2014

Designed system to improve workflow for the company and made CG elements for projects

- Music Video of Jane Zhang's "Forever"
  - oCreated a train's steam and a sea of clouds in the film using 3DsMAX and FumeFX
  - oWas chosen to cooperate with Grass Jelly due to my advanced skills in setting parameters, and familiarity with software, and was credited for the simulation section
- Nebula Project
  - oCooperated with colleague in developing "Render Check" system for workflow improvement in setting and checking rendering process
  - o Designed the functions featured in this system, and initiated the development of research department in the company
- ASUS G751: a notebook commercial film
  - oMade the previz with 3DsMAX and communicated with the client directly
  - o Evaluated complexity of this project with previz and incorporated evaluation into standard work process o Made destructive effects shots
- Pepsi, Shake Your Body
  - oPerformed simulation test using 3DsMAX, FumeFX, and Krakatoa
  - oCooperated with Grass Jelly and was credited for simulation section
  - oConducted particle effects in the early stage of this project

- Fo Guang Shan, The Poor Woman's Lamp: a 3D stereo animation
   oSimulated candles' light and smoke effects using 3DsMax, FumeFx, and AfterEffects for checking
   oAchieved major efficiency improvements for the workflow of this 3D stereo film
- Discovery, Man VS. Ant, Title Words Opening
  - o Designed and completed the animation including environmental setting, lighting render setting, movement setting, and shot movement using 3DsMAX, Vray and AfterEffects
  - oCreated storyboard for this animation and advised to add Previz into standard work process

Post Production
3D Animator
Taipei, Taiwan
02/2012-08/2012

Was in charge of CG elements for TV Advertisements

- Trans Globe, One Dollar Tree: commercial film for an insurance company

   Modeled the trees and environmental factors in the film with 3DsMAX, Vray, and Photoshop
   Conducted layout using 3DsMAX
- ASO, Shoes: commercial for a shoe company
   Completed Modeling and textures of the shoes using 3DsMAX and Photoshop
- Sony Xperia and Sola: commercial film of Sony smart-phones
   Modeled and textured smart-phone SONY Xperia with 3DsMAX, Vray, and Photoshop

ROC, Military Service
Taoyuan, Taiwan
07/2010-07/2011

Combat Engineer

Website developer

oReceived training in bridge building, demolition, bunker construction, and clearing land mines in Army Engineer Training Center

### **ACTIVITIES**

# Department of Applied Arts, Fu Jen Catholic University

Taipei, Taiwan 09/2007-06/2008

- Established the official website for the Department of Applied Arts, collaborating with 3 teammates oWorked with teammates on designing the structure and interface of the website
  - oWas in charge of collecting resources, including the pictures and films which served as elements of the webpage

# Association of Applied Arts, Fu Jen Catholic University

Taipei, Taiwan 09/2007-06/2008

Member of photography team

Participated in the association of Applied Arts as a member of the photography group oFilmed, took pictures of the events hosted by association, and edited them with post-production software including Premiere, AfterEffects, and Digital Fusion

#### **SKILLS**

Operating Software:

oModeling: 3DsMax, ZBrush

o Texturing: Photoshop, Quixel SUITE, Allegorithmic Substance, ZBrush

o Effects / Simulation: Particle Flow, Thinking Particle, FumeFX, Krakatoa, Realflow, Houdini, Blender

Rendering: Vray, Octane RenderComposition: AfterEffects, NUKE

Web Design: HTML5, CSS3

• Traditional Painting Skill: Sketch, Watercolor

## LANGUAGES

Mandarin: Native

• English: Fluent
